

## SURE WINNER.

## MASSACHUSETTS.

BOSTON, Nov. 4.—[By the Associated Press.] From gains on the vote so far the indications are that Russell (Dem.) for Governor will be elected by 6000 plurality. The Democrats have gained two Congressmen. The vote of Boston complete for Governor gives Russell (Dem.) 32,983; Brackett, 19,576; Blackmer (Pro.), 1551. Russell's plurality, 13,110. The Democratic net gain is 7,656. The Democrats claim the State by 10,000 plurality, and the Republican State Committee concede Russell's election. Twenty-eight towns in the North District for Congress give Chandler (Rep.) 7,423; Williams (Dem.), 7375. The remaining towns are expected to elect Williams.

BOSTON, Nov. 4.—[By the Associated Press.] Seventy-five towns of Massachusetts, and 200 out of the 205 precincts of Boston give for Governor: Blackmer, (Pro.) 3053; Brackett, (Rep.) 83,882; Russell, (Dem.) 43,250; Russell's plurality, 10,388. If Russell continues to gain on Brackett in the State outside of Boston as he has so far, he is elected Governor by at least 6000 plurality. The Democrats have gained two Congressmen at least.

Sixty towns in Massachusetts show a net gain for Russell (Dem.) of 679. If this continues Russell is elected.

IN THE CONGRESS DISTRICTS.  
BOSTON, Nov. 4, 11:30 p.m.—Congressman Lodge is re-elected in the Sixth Congress District, but admits that his majority will not be much over 1000, in the place of about 5300 two years ago. In the First District, Randall (Rep.) is re-elected; in the Second, E. A. Morse (Rep.) is re-elected; in the Third, Andrews (Dem.) is re-elected; in the Fourth, O'Neill (Dem.) is re-elected; in the Fifth, Hoar (Dem.) defeated Fox (Rep.); in the Seventh, Cogswell (Rep.) is re-elected; in the Eighth, Greenhalgh (Rep.) leads, but by a plurality greatly reduced from 1888, and his election is by no means assured. The Ninth is close, with Chandler (Rep.) slightly in the lead at present, and Walker (Rep.) is returned in the Tenth District. Returns from the Eleventh District indicate a close vote between Spaulding (Rep.), Coolidge (Dem.) and Myron P. Walker (Ind.), and the Twelfth District will return Rockwell (Rep.).

## ARKANSAS.

LITTLE ROCK, Ark., Nov. 4.—Information has been received at Republican headquarters here of trouble at Pine Bluff, in which a Deputy Sheriff shot a policeman and an indiscriminate exchange of shots between Republicans and Democrats followed, in which two other parties were wounded. All is now quiet, with a favorable outlook for the Republicans. The State ticket was finally scratched here, owing to the agitation on the compulsory school question and the uncertain strength of "Citizens" or Patriotic Sons of America ticket. This ticket contained only the names of native-born Americans, being made up of the members of the two leading parties, with some prohibitionists where the Republicans and Democrats had both nominated alien-born citizens. The contest in the four Congress districts in this State was largely a personal one, and the tariff was in a great measure lost sight of.

LITTLE ROCK, Ark., Nov. 4.—If proportionate gains for Breckinridge continue at the rate they have been coming his majority in Pope county will be 12,000 to 15,000 last year.

LITTLE ROCK, Ark., Nov. 4.—The election was quiet and without incident here. Perry (Dem.) for Congress received 1242 votes to 1143 for Harrison (Rep.).

## A BOW AT THE POLLS.

PINE BLUFF, Nov. 4.—This afternoon a negro named Hancock, who was working for the Langley ticket, got into a quarrel with Jim Jones, another negro, who supported Breckinridge. Policeman Leaning, a white man, told him to quit. Hancock put a pistol against Leaning's stomach and fired. The officer fell and Hancock fled, but before doing so fired into the crowd, wounding two others, though not seriously. Leaning's condition is critical. Hancock was arrested.

## MINNESOTA.

ST. PAUL, Minn., Nov. 4.—[By the Associated Press.] A cool clear day usually means a full vote, and the interest in the State election added to the size of the vote in Minnesota. The result will be late, for besides the fact that the Alliance vote prevents any accurate estimates as to probable pluralities, that vote will come so largely from the more distant districts that nothing certain will be known early.

## THE STATE IN DOUBT.

The Alliance vote, as far as heard from up to 11 o'clock, is not nearly as great as the leaders of the movement claim. Late figures are against the high claim of the Republican Committee, and favorable to Democracy. The vote of Minneapolis seems likely to settle the election, that city having already given a sufficient vote against Merriam to nearly defeat him. Two years ago he left Hennepin county with a plurality of nearly 5000, but the fractures thus far reported continue he will leave the county this year with nearly that much against him. Chairman Campbell of the Democratic Committee says that he thinks that they have gained three congressmen and the Governor.

ST. PAUL, Minn., Nov. 4.—The returns are very slow and meagre. Merriam (Rep.) is losing slightly all over the State, but the loss does not yet seem to be large enough to defeat him. Two years ago he had a plurality of 24,104.

ST. PAUL, Minn., Nov. 5, 1:30 a.m.—Minnesota's delegation in the next Congress will have at least one Democrat to four Republicans in it, and the Democrats are claiming four out of the five.

## NEBRASKA.

OMAHA (Neb.) Nov. 4.—[By the Associated Press.] Twenty-nine precincts so far heard from show the Democratic and Republican candidates for Governor running about even. Powers (Alliance) and Payne (Pro.) are polling a smaller vote. The Bankers' and Business Men's Association estimates the majority against the prohibition amendment at thirty thousand.

OMAHA (Neb.) Nov. 4.—One hundred precincts outside of Douglas county give: Boyd, Dem., 6389; Richards, Rep., 7599; Powers, Ind., 5859; Paine, Pro., 372.

LINCOLN (Neb.) Nov. 4.—The count in the city will not be finished before 5 in the morning. The same may be said of a number of larger towns of

the State. Reports from about one-third of the precincts of the Second Congressional District indicate the election of McKean, Democratic Alliance, over Harlan. The fight in the First District is warm, and the plurality for either Connelley or Bryan will not be over 1000.

OMAHA (Neb.) Nov. 4.—At 11 o'clock the returns from over the State are too scarce to bear a positive assertion, but indicate the election of Boyd (Dem.) for Governor, the choice of three Democratic Congressmen and the defeat of prohibition. The majority against the latter will be 17,000 to 20,000.

## MONTANA.

HELENA (Mont.) Nov. 4.—[By the Associated Press.] Favored by fair weather the vote of Montana for Congressmen, eight senators has probably reached well up to the registration at the polls. Tariff issues from the standpoint of both parties entered into the debates of the campaign. Probably the greatest effort ever put forth by the Democracy of the State was that today for the election of Dixon to Congress and supremacy in the State Senate. Chairman Daly of the Democratic Committee claims a large vote for Dixon in Deer Lodge and Silver Bow counties. Ex-Gov. White, Chairman of the Republican Committee, at the close of the polls, expressed confidence in the re-election of Carter and a majority of the Republican State senators, based on advices from Butte, Missoula and other prominent points west of the range in Dixon's part of the State. The indications point to Republican majorities east of the divide, and confidence is expressed in party circles here of Carter's success in the State.

HELENA (Mont.) Nov. 4.—The returns so far received indicate Democratic gains throughout the State. They are coming very slowly, however, and it is not likely that returns sufficient to decide will be in before tomorrow.

## TENNESSEE.

MEMPHIS (Tenn.) Nov. 4.—[By the Associated Press.] Deatur county gives the Democratic ticket a majority of about 1200. This county in 1888 gave Cleveland a majority of 188. The Dortch law of poll tax registration has played havoc with the negro vote.

THE CONGRESSIONAL RESULT.  
NASHVILLE (Tenn.) Nov. 4.—Buchanan (Dem.) for Governor is elected by at least 25,000 majority. Kelly (Pro.) received about 10,000. In the First Congress District Butler (Ind. Rep.) is likely to be elected after the bitter contest; in the history of the State. In the Second District Hancock is re-elected by a greatly reduced majority. In the Third Snodgrass (Dem.) defeats Evans, this making a gain of one for the Democrats. In the Fourth, Fifth and Sixth Districts the present members are re-elected by the usual majorities.

In the Seventh Cox succeeds Whitworth, having defeated Whitworth for the nomination. In the Eighth and Ninth the present members are re-elected. In the Tenth Josiah Patterson (Dem.) is elected to succeed Phelan. The Legislature will be Democratic by two-thirds majority in both houses.

## KANSAS.

KANSAS CITY, Nov. 4.—[By the Associated Press.] Returns from Kansas on the State ticket indicate the election of Gov. Humphrey, Rep., by 10,000 to 15,000 plurality. Robinson, Dem., is running behind Willet. Ives, candidate for State Attorney General is running ahead of his ticket and may be elected.

INGALLS RETAINS HIS SEAT.  
KANSAS CITY, Nov. 4.—The news from Kansas shows unexpected strength in the Farmers' Alliance. Robinson, Dem., for Governor, is pretty generally conceded to be out of the race. The Farmers' Alliance claim Willet's election by 15,000 plurality. The Farmers' Alliance and R-submission Republicans elected many candidates to the Legislature. The former were bitterly opposed as rivals to Ingalls, whose term expires in 1891, but the latter, while opposed to the Republican State administration, will vote for Ingalls' re-election, so that the se for Kansas Senator will doubtless retain his seat.

The Democratic representation in the Legislature will be small.

## COLORADO.

DENVER, Nov. 4.—[By the Associated Press.] An unusually heavy vote cast here and throughout the state. Returns will be late, as the polls close at 7 o'clock. At the Democratic headquarters every one is jubilant, and the triumphant 2-buckle claims the election of the entire Democratic ticket by 5000. Chairman Ashley of the Republican committee says that while the State Treasurer, Attorney-General and Superintendent of Public Instruction are doubtful, he is satisfied that they will elect the remainder of the ticket, including the Legislature.

## UTAH.

SALT LAKE, Nov. 4.—[By the Associated Press.] The delegate election passed off quietly. Caine (Mormon) was elected over Goodwin (Liberal) by 3000 to 5000 majority.

## NEVADA.

CARSON (Nev.) Nov. 4.—The indications are that Colcord, Republican candidate for Governor, has been elected, and that Carline (Rep.) for Congress, has carried the State by 1000 majority.

## LOUISIANA.

NEW ORLEANS, Nov. 4.—[By the Associated Press.] The weather is delightful, and so far as heard from the election has been quiet throughout the State, with a comparatively light vote. The indications this evening are that Coleman (Rep.) will be defeated for Congress by the Democratic candidate. News Out of the vote polled by Bulkley (Rep.) in 1888, 4900 ahead of his competitor, Morris. The cities will put Morris ahead, but no choice by the people is at present probable. The Legislature is apparently Republican on joint ballot. In the other districts, Third Congress District holds the House down against Wells, and is evidently elected. Sperry (Dem.) is elected in the First.

## CONNECTICUT.

## NO CHOICE PROBABLE.

HARTFORD (Conn.) Nov. 4.—Eighty-four towns (no cities) show that Merriam (Rep.) for Governor is about 900 ahead of the vote polled by Bulkley (Rep.) in 1888, 4900 ahead of his competitor, Morris. The cities will put Morris ahead, but no choice by the people is at present probable. The Legislature is apparently Republican on joint ballot. In the other districts, Third Congress District holds the House down against Wells, and is evidently elected. Sperry (Dem.) is elected in the First.

## IN CASE OF WAR.

England Fortifies Her West Indies Possessions.

A Vantage Point From Which to Worry the United States.

The London Dockmen's Strike Expected at Any Moment.

The Employers' Proposals Not Accepted by the Men—Canada Attempts to Extend Her Foreign Trade.

By Telegram to The Times.

NEW YORK, Nov. 4.—[By the Associated Press.] The Times has the following: "The British are reported actively engaged in Jamaica, Bermuda and St. Lucia, West Indies, in fortifying these places against all likelihood of capture. Extensive coaling stations are being established, and all of the British troops in the West Indian islands are being concentrated. The British Admiralty and War Office, it appears, are determined to station coaling stations to British cruisers in the event of hostilities with the United States. From well-informed sources the impression is given throughout that the story that the detail of the Grenadier Guards to Bermuda was because of mutiny was all a canard.

The British authorities decided some time ago to send the very pick of the British troops to the West Indies, and in this way doubly assure the defense of what is now recognized in military circles as Great Britain's "fighting hold on the United States." The greatest secrecy is being observed in all the improvements now in progress.

## DOCKMEN'S TROUBLES.

The Men May Go Out on a Strike at Any Moment.

LONDON, Nov. 4.—[By Cable and Associated Press.] The scheme submitted to the Dock Laborers' Union by the directors of the dock companies provides for the establishment of the piece-work system to take the place of the agreement under which the men have been working for a year, and which expired yesterday. The men generally do not favor the scheme and much discontent exists. Although most of the men worked yesterday pending a decision of the directors' proposition, it is feared that the strike may be inaugurated at any moment.

Early this morning 2000 and 3000 labor leaders, visited the various dock gates and exhorted the men not to quit work. Their advice was followed in most cases, and many resumed work, though in some cases a strike disposition was shown by the laborers. Eight hundred men employed on the Royal Victoria and Albert docks refused to acquiesce in the decision of the leaders and went on a strike.

## CATTLE EXPORTS.

England Increasing Her Restrictions on American Live Stock.

LONDON, Nov. 4.—[By the Associated Press.] At a meeting of the Central Chambers of Agriculture today, a resolution was adopted that the regulations regarding the importation of cattle should be maintained; also that a period of six months ought to elapse after a country had been declared free from disease before the cattle are accepted. The resolution was based upon the report of a committee interpreting the American meat inspection act as a menace to Great Britain, and adding that it is impossible to ignore the fact that persistent and reckless efforts are still being made to secure the free admission of American cattle. The report further says that a fresh outbreak of pleuro-pneumonia is in New Jersey gives an indication of risk.

## Canada Seeking Foreign Trade.

OTTAWA (Ont.) Nov. 4.—The Dominion government has decided to adopt a vigorous foreign trade policy, now that the McKinley Bill will divert Canadian trade from the United States. Hon. George E. Foster, Minister of Finance, goes to the West Indies this week on a trade mission. The Barbados will be the first visited, then Trinidad and Demerara. Coming northward he will disembark at Jamaica, then go to the Bahamas and Bermuda.

## A New Australian Cabinet.

MELBOURNE, Nov. 4.—[By Cable and Associated Press.] The new cabinet has been formed as follows: Munro, Prime Minister and Treasurer; Shields, Attorney-General and Minister of Railways; Langridge, Commissioner of Trade and Customs; McLean, Commissioner of Crown Lands and Survey; Wheeler, Commissioner of Public Works; Graham, Commissioner of Water Supply; Outram, Minister of Mines; and Davies, Minister of Justice.

French Anarchists Arrested. PARIS, Nov. 4.—An extensive anarchist movement has been discovered at Lyons. Five arrests are already made, and others are expected.

## A FORGER OF DEEDS.

A Prominent Young Man of Kansas City Goes Wrong. KANSAS CITY, Nov. 4.—[By the Associated Press.] Rollins Bingham left the city Sunday night. It has been ascertained since his departure that he left behind him forged deeds of transfer and trust upon the estate of his late stepmother, Mrs. Gen. George C. Bingham, aggregating \$25,000. Bingham was treasurer of the Consolidated

## Missouri Mining and Manufacturing Company.

The sums which he fraudulently obtained were largely spent in experimenting with the process of extracting gold from fine sand. No young man is better known in Kansas City. He was captain in a regiment, a lawyer of promise and mixed considerably in politics. His father was Gen. George C. Bingham, State Treasurer under Gov. Gamble, and Adjutant General under Gov. Hardman.

## SALE OF THE DWYER STABLE.

Fancy Prices Brought by Prize Performers.

ELIZABETH, Nov. 4.—[By the Associated Press.] The most important sale of thoroughbreds that has been held in late years was the one conducted by Col. Bruce in the paddock here today. All of the horses comprising the racing stable of Dwyer Bros. were sold, including such star performers as Hanover, Kingston and Inspector B., besides a number of others. The most important sales were: Sir John, to J. F. McDonald, \$5000; Aurantia, to C. Corneillon, \$2700; Hanover, to J. F. McDonald, \$2400; Extra Dry, F. G. O'Reilly, \$2800; Kingston, to J. F. McDonald, \$3000; Longford, to J. F. McDonald, \$2600; Baldwin, E. C. O'Reilly, \$2800; Hanover by Hindoo, to J. F. McDonald, \$2400; Inspector B., to E. C. O'Reilly, \$15,500; Inspector B., by Enquirer-Colossa, to J. F. McDonald, \$10,000; Kingston, by Spendthrift-Kapapa, by Victorious, Philip Dwyer, \$30,000; Meriden, J. H. McCormick, \$3300.

## WASHINGTON NOTES.

Government Officials Leave Their Posts to Cast a Ballot.

WASHINGTON, Nov. 4.—[By the Associated Press.] President Harrison, Secretary Proctor, Tracy and Rusk, Postmaster-General Wanamaker and Attorney-General Miller voted today in their respective States. A large number of other officials and clerks have also gone home, consequently little work is being done.

## Steady Progress.

Has characterized Hood's Sarsaparilla ever since it was placed before the public. Wherever it is introduced, its sales have grown from year to year, until now it is the most popular and most successful medicine offered. Any druggist will confirm this statement. The secret of this success lies in the fact that Hood's Sarsaparilla is a medicine of merit. It does actually accomplish all that is claimed for it, and when given a fair trial, it is reasonably certain to be of benefit.

Positive Statements.  
"Since Hood's Sarsaparilla has been in my hands for sale I have had frequent and unsolicited testimonials in its favor. Although carrying the preparation for less than one year, my sales have been greater than of any similar preparation, and the testimonials in its favor are as one positive and personally noticeable." A. Wagner, Newburgh, Cal.

THE TIMES has long been, and is now, a large and steady employer of organized and skilled labor, paying the highest prices for emigration prevailing on the Pacific Coast, employing more men and having larger capacity, monthly and annual payrolls than any newspaper office in Los Angeles.

OUR troubles are not yet over. The municipal election comes next.

RELIGIOUS issues played a large part in the Wisconsin election.

THE Australian ballot system is reported to have worked beautifully, yesterday, wherever it was tried.

THE big fruit fields and high prices of the past season have brought renewed prosperity to many Southern California towns.

SAN BERNARDINO county did bravely. The citizens of Waterman's county showed what they thought of him and of Markham.

THE scratcher was abroad in the land yesterday, and he was loaded for war. The people are beginning to do a power of thinking for themselves.

## MARKHAM WINS.

The people of California have spoken and with no uncertain voice. They have declared that there shall be an end of corruption and extravagance in State government. They have declared that the people shall have a hand in the management of their own affairs. They have declared that they repudiate the course and indecent attacks which have been made upon Markham by the present Governor and his private secretary. They have endorsed the action of the independent convention which met at Sacramento. They have declared that they do not believe the lies which have been disseminated about Markham, but that they believe him to be a gentleman worthy to sit in the gubernatorial chair of this great State.

The latest returns received, up to the hour of going to press, show that Markham has undoubtedly carried the State by a handsome majority, which will probably not fall short of 5000. Even San Francisco, the home and stronghold of Bond, has apparently gone for Markham—an event which few, even of Markham's friends, had dared to anticipate.

The victory does not come unexpectedly to THE TIMES. We have all along had faith in the people of California. We have believed that they knew their own interests sufficiently well to prefer one of their own representatives to a man with a boss behind him. The result has shown that we were right, and the State of California will soon show the effect of the inauguration of a new era in government.

## LOS ANGELES COUNTY.

The returns from the various precincts in this city and county come in very slowly. Enough is, however, known to indicate that Los Angeles county has bravely fallen in line with the rest of the State and rolled up a handsome majority for her favorite son and the rest of the Republican ticket, with, possibly, one or two exceptions.

Markham will probably have a majority in the county of about 2000, and Bowers, for Congress, one of 1600. Considering the falling off in the registration since two years ago, this is a showing with which we should be satisfied.

It looks as if the Republicans may possibly have lost Martin Aguirre for Sheriff and Walter S. Moore for the Legislature. Otherwise the ticket is intact.

Pasadena, the home of Markham, did nobly. That city, including South Pasadena, is credited with the handsome majority of 700 for Markham. Good for the Empire county of the Golden State!

## THE EASTERN ELECTIONS.

Like the dog which returns to its vomit, New York City has gone over to Tammany, which organization has gained a decisive victory all along the line over the Republican and County Democracy fusion. Grant, for Mayor, is expected to have a majority of over 20,000, while all the Tammany candidates for other county offices and judges have about an equal majority. The Congressional vote in the State appears to be about equally divided.

In Massachusetts the Democratic Governor (Russell) is elected and the Democrats gain two Congressmen.

In Illinois the Republicans claim that all the Republican Congressmen in the State have been re-elected and that the Eighteenth District has been gained from the Democrats.

In Ohio it is confidently believed that McKinley has carried his district, in spite of Democratic gerrymandering tricks.

In Wisconsin, where religious rancor ran high, the Democrats have made a gain.

Other States are at present doubtful. The latest returns will be found among our dispatches.

The frequent rumors which have been received of late regarding a contemplated big deal on part of the Vanderbilt system to absorb the Central Pacific, appear to be assuming more shape, and there may be something in them. It is more probable, because the Central Pacific, from Ogden to Sacramento, is rather a white elephant in the hands of the Southern Pacific Company, owing to its heavy grades and miles of snowsheds. The Vanderbilt system is said to aim at the control of a through line from New York to the Pacific Coast, with termini at San Francisco and Portland, Oregon. The tendency of all railroad companies in the United States is toward amalgamation. It may be that, before many years, the Government will have to step in and do some further amalgamating in the interest of the people.

It is generally supposed that a bank is one of the few enterprises which cannot be started without considerable capital, even in the United States. It appears to be otherwise, however, as there is a savings bank in the town of Perry, in Georgia, which was started three years ago by seven men paying one dollar each. The bank is now operated under a State charter, is located in a building owned by its stockholders, and during the last twelve months over \$250,000 of business was transacted through its cashier.

BERLIN and Paris are both smaller cities than Los Angeles, having each an area of about twenty-nine square miles, against thirty-six in Los Angeles.

Even New York is only six square miles larger than Los Angeles. Still, there are from five to ten thousand people who have settled on the outskirts of Los Angeles, just beyond the city limits. Los Angeles is a great city.

CHARLES DUDLEY WARNER has a very complimentary article on Southern California in Harper's Monthly, in the course of which he says:

Here is our Mediterranean! Here is our Italy! It is a Mediterranean without rivers and without malaria, and it does not at all resemble the Mexican Gulf, which we have sometimes tried to fancy was like the classic sea that leaves Africa and Europe. Nor is this region Italian in appearance, though now and then some bay with its purple hills running to the blue sea, its surrounding mesas and canyons blooming in semi-tropical luxuriance, some coniferous forest and some golden corn, some white light and sharply defined shadows, some refinement of lines, some poetic hints in violet and ashy ravages, ultramarine in the sea, or delicate blue in the sky, will remind the traveler of more than one piece of beauty in Southern Italy or Sicily. It is a Mediterranean with a more equable climate, warmer winters and cooler summers than the North Mediterranean, and the hills and valleys give almost every variety of elevation and temperature.

At the great bi-annual sale of seal-skins, which came off in London last month, prices showed an average advance of more than one hundred per cent. over last year's prices. This was caused by the small offerings of the Northern American Commercial Company, which only put up 21,000 skins for sale. A seal-skin wrap now retails at \$250, which places it beyond the reach of persons of moderate means, and an enterprising furrier has undertaken to introduce a rabbit skin which has been so manipulated as to resemble seal-skin. This will open a big market for the surplus crop of Australian rabbits.

It is but a few weeks since the mistake of a "boy operator" wrecked a train and cost several lives in the East. Now, another boy operator, in New York has caused an accident resulting in the death of four trainmen and the injury of a number of other people. It is not about time that railroad companies ceased to place the lives and limbs of passengers and employees at the mercy of inexperienced boys? Or, rather, is not about time that railroad companies were prevented by law from becoming accessories before the fact to wholesale manslaughter?

QUITE a strong sentiment is growing up in Canada in favor of annexation to the United States. The Quebec Telegraph says it is deluged with congratulatory letters and telegrams from all parts of the Dominion, applauding the bold stand it has taken in favor of annexation.

SAN BERNARDINO county will probably give Markham a majority of 500. We predict that San Bernardino will show the largest relative gain of any county in the State, as compared with two years ago.

THE Dominion government has decided to expend \$250,000 in promoting emigration from Europe. A scheme has been submitted for diverting the tide of German emigration to Canada.

THE Express is of the opinion that THE TIMES is "powerful for evil." The sentiment of Los Angeles Republicans in regard to this evil influence is: Do it some more!

The election of McKimley, in spite of the disgraceful gerrymandering of his district by the Democrats, is a splendid endorsement of the McKinley Bill and its author.

SECRETARY WINDOM has issued the patriotic order that at the entrance of every American harbor the United States flag shall constantly be displayed.

At some of the Eastern elections the voters had to wade through snow and slush. There was no such excuse here for voters to stay away from the polls.

McKIMLEY's victory in his district, in spite of Democratic gerrymandering, entitles him to be the next Republican nominee for President.

The Weather at the East.  
 WASHINGTON (D. C.) Nov. 4.—The storm center yesterday north of Minnesota moved eastward to Lake Ontario, another storm developing in Manitoba. The clearing condition extends from Oregon southeastward to the Gulf. Rain has fallen in the lake regions. The temperature has fallen in the Atlantic States, east Gulf States and extreme Northwest.

Ran On a Reef.  
 TOLEDO (O.) Nov. 4.—The steel steamer S. C. Reynolds, with coal and jute, went on Colchester reef during a blinding snow storm last night and caught fire. Tug- were sent to the rescue. She is probably a total loss. She is worth 100,000, and her cargo half as much more. Natives were lost.

A Misplaced Switch.  
 BELLOIT (Wis.) Nov. 4.—A misplaced switch caused the wreck of a passenger train on the Northwestern road this morning. Fireman Weich was killed and Engineer Egan badly hurt. The passengers were shaken up, but no one was seriously injured.

Crushed Under a Wagon.  
 PORTLAND, Nov. 4.—This morning, while hauling a load of brick from Spencer's brick yard to this city, George Whiteley, a teamster, fell from his wagon and was instantly killed. The wheel passed over his neck.

Sealers Fitting Out.  
 HALIFAX (N. S.) Nov. 4.—The schooner Maud Sand Geneva are being fitted out for a trip to British Columbia. Both will engage in seal fisheries.

Wreck of a Lumber Schooner.  
 SPANISH TOWN (Cal.) Nov. 4.—The schooner Argonaut is on the rocks half a mile south of Point Montara, lumber laden. She is a total wreck. All hands are safe.

Collegiate Football.  
 NEW YORK, Nov. 4.—The Princeton and Columbia football teams played the first game today, which resulted 84 to 0 in favor of Princeton.

Repired and Tuned.  
 ST. LOUIS, Nov. 4.—The guitar of a Southern California Music Co., No. 111 N. Spring Street.
